## WORK GLOVES **WG-422/S** Bee-Smart WONDER GRIP

Net: **5.69 EUR** Gross: **5.69 EUR**

The WG-422/S work gloves are the best gloves for general handling work, setting a new standard for comfort at work.

The Wonder Grip® WG-422/S Bee-Smart™ protective gloves are made on the basis of a new knitting technique from the Bee™ series, inspired by the shape of a honeycomb and developed a new generation of latex, HDML™ coating. The upper part of the gloves is made of an ultra lightweight liner offering both high resistance to torsion and unmatched breathability. Bee™-series knitting technique creates a unique shape on the palm maximizing the coefficient of friction delivered by the coating itself. The low part of the glove benefits from the DualLiner™ technology and its special support on the back of hand ensuring a snug and secure fit. All of this provides high grip for safe handling in dry and wet applications.

### SPECIFICATION

Application:	<ul style="list-style-type: none"><li>• Construction and public works,</li><li>• Warehousing - packing and logistics,</li><li>• DIY,</li><li>• Assembly</li></ul>
Color:	Black + Blue
