

Code: MB-3/PLUS/LIGHT

BALLAST MAST BASE **MB-3/PLUS/LIGHT**

Net: **161.81 EUR** Gross: **161.81 EUR**

The MB-3/PLUS/LIGHT ballast mast base is perfect to use when there is a need to install the devices on the mast for a specified time (construction works, advertising campaign, festival, etc.). We can instantly without damaging the walls or the ground in a solid way fix the elements on the mast, and next just as quickly all elements disassembled.

To load the base, use concrete blocks of dimensions 380 x 250 x 120 mm and weight min. 22 kg in the dry state.

Attention! The kit does not contain the M6 concrete blocks or mast.

The base can be placed even on a sloping roof:

Particular elements:

Mast base correctly assembled:

OUR OPINIONS

- The area for mast assembling does not have to be flat.
- At each support you should adjust its height and inclination.
- Whole element is hot-dip galvanized.
