

Code: KN-M04

## SIDE MAGNETIC CONTACT **KN-M04**

Net: 46.04 DKK Gross: 46.04 DKK

The magnetic contacts can be used wherever required for controlling the status of doors, windows and/or other movable elements, e.g. for protection or monitoring of access to particular sites, spaces, facilities, in automatic control systems, etc.

The contact is designed for surface mounting.

### SPECIFICATION

|                                |                                                                                                                                                                                        |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Detection:                     | Opening the door or window                                                                                                                                                             |
| Maximum reed switched voltage: | 20 V                                                                                                                                                                                   |
| Maximal switched current:      | 10 mA                                                                                                                                                                                  |
| Make distance:                 | 19 mm                                                                                                                                                                                  |
| Break distance:                | 20 mm                                                                                                                                                                                  |
| Main features:                 | <ul style="list-style-type: none"><li>• Rugged, metal sealed body</li><li>• NC output - a magnet close to a reed switch - does not trigger an alarm, the contacts are closed</li></ul> |
| Color:                         | Silver                                                                                                                                                                                 |
| Weight:                        | 0.125 kg                                                                                                                                                                               |
| Dimensions:                    | 49 x 19.7 x 9.7 mm                                                                                                                                                                     |
| Guarantee:                     | 2 years                                                                                                                                                                                |
