

Code: R5-12.10

## ELECTRIC STRIKE **R5-12.10**

Net: **15.06 EUR** Gross: **15.06 EUR**

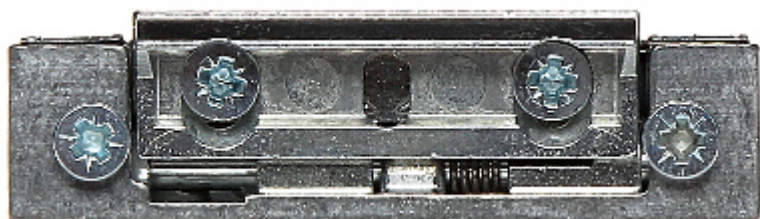

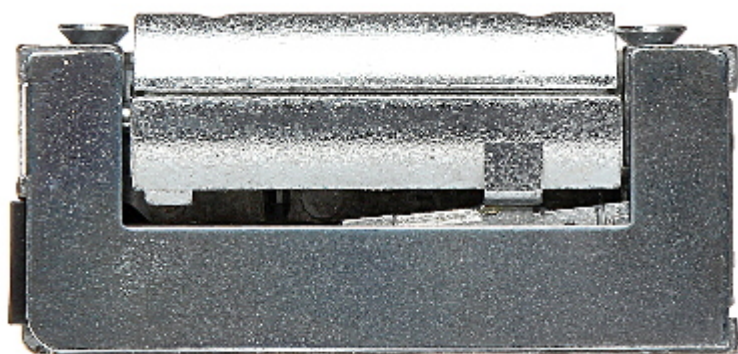

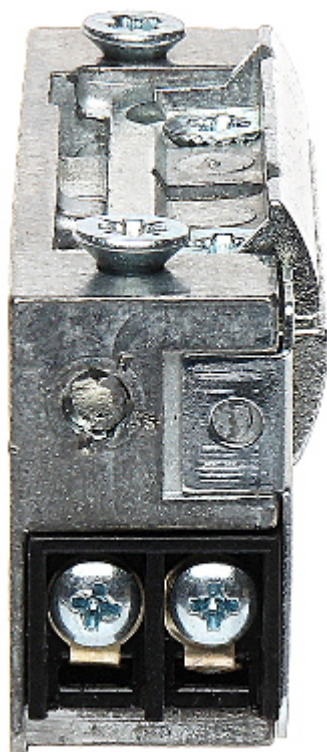

The electric strike of R5-12.10 type is designed for door and gates made from metal profiles, to work together with ratchet-latch or ratchet type door lock.

### SPECIFICATION

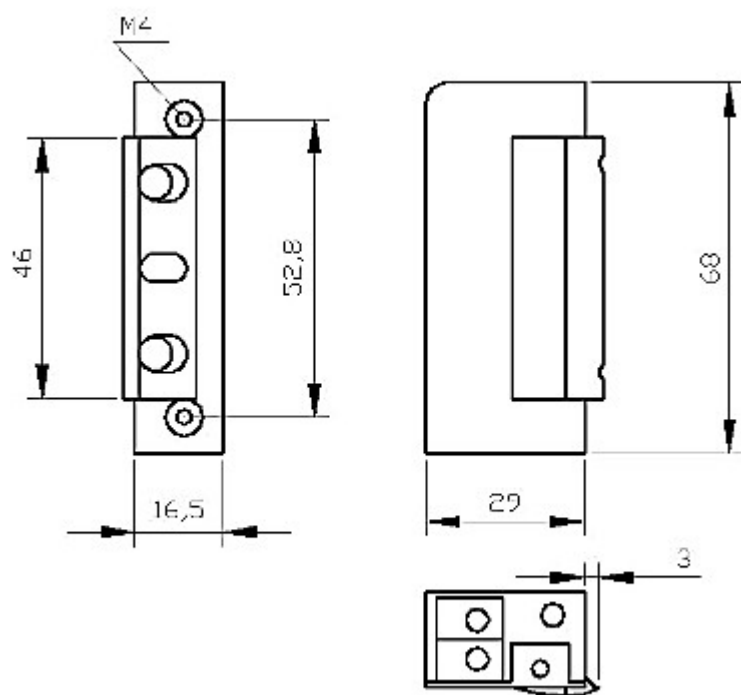

|                                                  |                                  |
|--------------------------------------------------|----------------------------------|
| Rated voltage:                                   | 10 V $\pm$ 2 V AC/DC             |
| Current consumption:                             | 500 mA AC / 600 mA DC            |
| Application:                                     | right-side door / left-side door |
| Ratched lock:                                    | —                                |
| Memory function:                                 | —                                |
| Reverse action:                                  | —                                |
| Clearance adjustment:                            | ✓                                |
| Allowable thrust on the door at ratchet release: | 30 N                             |
| Allowable load of the door impacting the lock:   | 3000 N                           |
| Allowable uninterrupted operation time:          | 30 minutes                       |
| Weight:                                          | 0.13 kg                          |
| Dimensions:                                      | 18 x 32 x 68 mm                  |
| Guarantee:                                       | 2 years                          |
