## SWITCH POE **USW-24-POE** 24-PORT SFP UBIQUITI / UniFi

Net: **527.43 EUR** Gross: **527.43 EUR**

The USW-24-POE PoE Switch is an industrial type device enabling fluent network transmission at rates 10 / 100 / 1000 Mbps.

Attention! The SFP port requires the SFP module, which is available in our offer.

### SPECIFICATION

|                        |                                                                                                                                                                                                                                                                                                                                                       |
