# AHD, HD-CVI, HD-TVI, CVBS, TCP/IP DVR **IDS-7208HUHI-M2/S/A 8 CHANNELS** Hikvision

Net: **463.91 EUR** Gross: **463.91 EUR**

The IDS-7208HUHI-M2/S/A digital recorder with AHD (Analog High Definition), HD-CVI (High Definition Composite Video Interface), HD-TVI (High Definition Transport Video Interface), TCP/IP and CVBS interface is a professional device applicable in surveillance systems. The recorder supports AcuSense technology, allowing to filter false alarms based on the recognition of people and vehicles.

The menu options layout has been designed for all users, even beginners can easy navigate and change parameters in DVR settings without any problem.

## SPECIFICATION

|                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
