# IP VANDALPROOF CAMERA **DH-IPC-HDBW8232EP-Z** - 1080p, 4.1 ... 16.4 mm - MOTOZOOM DAHUA

Net: **777.60 EUR** Gross: **777.60 EUR**

IP camera with efficient H.264 / H.265 image compression algorithm for clear and smooth video streaming at maximal resolution of 1920 x 1080 (1080p). Due to above it is perfect solution for surveillance systems requiring persons or vehicles recognition.

The used motozoom lens with 4.1 ... 16.4 mm focal length allows to remote view angle adjustment. The range of IR illumination according to the manufacturer data, depends on outer conditions (visibility - air transparency, environment, wall colors ie. scene reflectance).

The camera housing is made of high quality 316L stainless steel. As a result, the camera housing, beyond the high degree of protection against penetration of water and contaminants IP67 and resistance to mechanical damage IK10, is protected against corrosion to meet the stringent criteria of category 4X in classification NEMA.

PoE powering possibility, compatible with the 802.3at standard makes the device more universal and easier to install.

## SPECIFICATION

|                           |                                                                                                                |
