

Code: ASUC-30-480-OF

## CONVERTER MODULE **ASUC-30-480-OF** DC/DC ATTE

Net: **14.83 EUR** Gross: **14.83 EUR**

Inverter module increasing the voltage. The ASUC-30-480-OF device converts the input voltage to the 48V DC value.

### SPECIFICATION

|                            |                                                                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Type:                      | Increasing the voltage, DC/DC                                                                                                     |
| Number of inputs:          | 1                                                                                                                                 |
| Number of outputs:         | 1                                                                                                                                 |
| Power voltage:             | 10 ... 30 V DC                                                                                                                    |
| Output voltage:            | 48 V DC                                                                                                                           |
| Output voltage adjustment: | —                                                                                                                                 |
| Output current:            | 2.5 A (max)                                                                                                                       |
| Power:                     | 30 W (max) @ 12 V DC                                                                                                              |
| Protections:               | Protection against reverse polarity of the input voltage                                                                          |
| Main features:             | <ul style="list-style-type: none"><li>• Efficiency : 90 % @ 12 V / 25 W</li><li>• DC output voltage presence indication</li></ul> |
| Application:               | Powering PoE switches                                                                                                             |
| Weight:                    | 0.02 kg                                                                                                                           |
| Dimensions:                | 63 x 31 x 21 mm (with bracket)<br>25 x 60 x 16 mm (without bracket)                                                               |
| Manufacturer / Brand:      | ATTE                                                                                                                              |
| Guarantee:                 | <b>3 years</b>                                                                                                                    |
