

Code: APS-612

## BUFFERED SWITCHING POWER SUPPLY ADAPTER **APS-612** SATEL

Net: **264.68 EUR** Gross: **264.68 EUR**

Buffered power adapter with DIN montage casing designed to systems supplied by 12V DC voltage. The APS-612 has a special connector that enables cooperation with Satel devices.

### SPECIFICATION

|                              |                                                                                                                                                                                                                                                                                                                           |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Adapter type:                | Switching                                                                                                                                                                                                                                                                                                                 |
| Input voltage:               | 230 V AC                                                                                                                                                                                                                                                                                                                  |
| Output voltage:              | 12 V DC                                                                                                                                                                                                                                                                                                                   |
| Max. output current (total): | 6 A                                                                                                                                                                                                                                                                                                                       |
| Power:                       | 72 W                                                                                                                                                                                                                                                                                                                      |
| Battery charging current:    | 1.5 A / 3 A                                                                                                                                                                                                                                                                                                               |
