

Code: BLEBOX-PROBE-2M

## DIGITAL TEMPERATURE PROBE **BLEBOX-PROBE-2M**

Net: **5.28 EUR** Gross: **5.28 EUR**

Waterproof, precision digital probe equipped with a cable resistant to weather conditions.

### SPECIFICATION

|                        |                                                                                                                                                                                                                   |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Support:               | THERMOBOX/BLEBOX, TEMP-SENSOR-PRO/BLEBOX, TEMP-SENSOR-AC/BLEBOX                                                                                                                                                   |
| Detection:             | Temperature                                                                                                                                                                                                       |
| Measurement range:     | -55 °C ... 125 °C                                                                                                                                                                                                 |
| Measuring accuracy:    | ± 0.5 °C ( -10 ... 85 °C )                                                                                                                                                                                        |
| Power supply:          | 3 ... 5.5 V DC                                                                                                                                                                                                    |
| Main features:         | <ul style="list-style-type: none"><li>• Waterproof probe - the ability to measure water temperature</li><li>• Chemically resistant</li><li>• Thermal class B : 130 °C</li><li>• Communication : digital</li></ul> |
| Housing:               | Metal, Self-extinguishing PVC                                                                                                                                                                                     |
| "Index of Protection": | IP65                                                                                                                                                                                                              |
| Weight:                | 0.03 kg                                                                                                                                                                                                           |
| Dimensions:            | Ø 6 x 30 mm                                                                                                                                                                                                       |
| Length of the cable:   | 2 m                                                                                                                                                                                                               |
