

Code: ZWR-210DC

## MULTIPLEXER ZWR-210DC

Net: 10.44 EUR Gross: 10.44 EUR

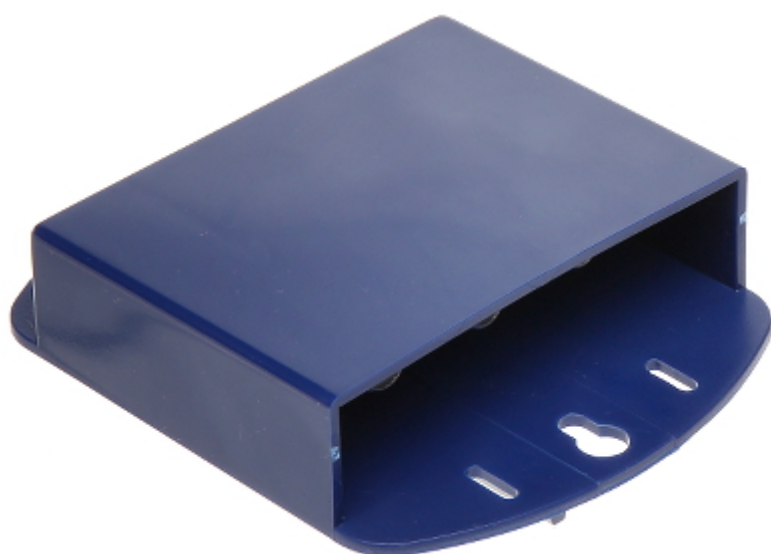

### SPECIFICATION

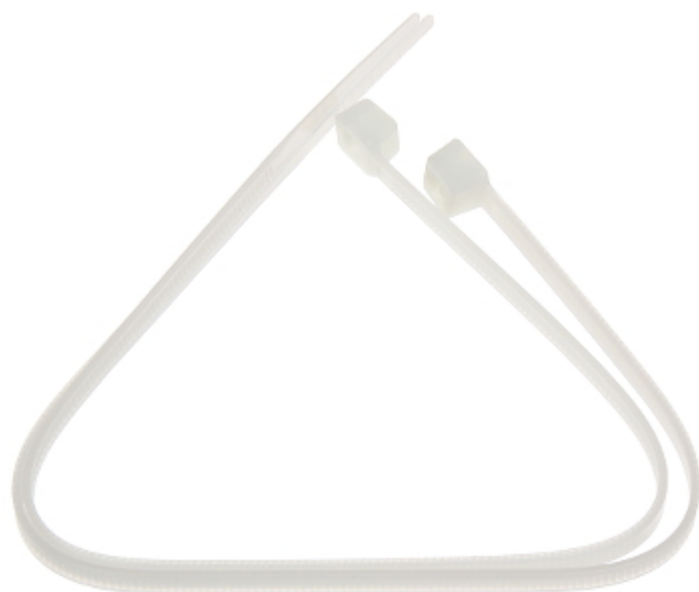

|                 |                                                                                                                                             |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Input:          | <ul style="list-style-type: none"><li>• FM / VHF : 5 ... 230 MHz + DC - F socket,</li><li>• UHF : 470 ... 790 MHz + DC - F socket</li></ul> |
| Impedance:      | 75 $\Omega$                                                                                                                                 |
| Insertion loss: | 1 dB                                                                                                                                        |
| DC-transition:  | 12 V / 100 mA                                                                                                                               |
| Main features:  | It is possible to disable DC pass for each path using jumpers                                                                               |
| Housing:        | Metal / PET                                                                                                                                 |
| Mount:          | To the mast                                                                                                                                 |
| Weight:         | 0.110 kg                                                                                                                                    |
| Dimensions:     | 104 x 85 x 28 mm                                                                                                                            |
| Guarantee:      | 2 years                                                                                                                                     |
