

Code: ADLS-80-24

## SWITCHING ADAPTER **ADLS-80-24** ADLER Power

Net: **7.06 EUR** Gross: **7.06 EUR**

Small sizes switching power supply adapter with one output.

Attention! If the power adaptor is using for continuous work (24H) the rated current of the adaptor should be less than 80% of the maximal current.

### SPECIFICATION

|                                      |                                                                                                                             |
|--------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Adapter type:                        | Switching                                                                                                                   |
| Power voltage:                       | 230 V AC                                                                                                                    |
| Output voltage:                      | 24 V DC                                                                                                                     |
| Output voltage adjustment:           | 21.6 ... 26.4 V                                                                                                             |
| Maximal load:                        | 3.33 A                                                                                                                      |
| Output power:                        | 80 W                                                                                                                        |
