

Code: AWT-027

## AC POWER SUPPLY ADAPTER **AWT-027**

Net: **10.97 EUR** Gross: **10.97 EUR**

Attention! If the power adaptor is using for continuous work (24H) the rated current of the adaptor should be less than 80% of the maximal current.

Please pay attention for proper cooling conditions of the power adaptor during work!

### SPECIFICATION

|                       |                                                                                                                             |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Adapter type:         | Transforming                                                                                                                |
| Power voltage:        | 230 V AC                                                                                                                    |
| Output voltage:       | <ul style="list-style-type: none"><li>• 11.5 V AC, wires : Yellow - Blue,</li><li>• 14 V AC, wires : Yellow - Red</li></ul> |
| Maximal load:         | <ul style="list-style-type: none"><li>• 0.8 A @ 11.5 V AC,</li><li>• 0.6 A @ 14 V AC</li></ul>                              |
| Length of the cables: | 1 m + 1.5 m                                                                                                                 |
| Application:          | Door lock (strike) 11.5V / 14V AC                                                                                           |
| Protection type:      | Overheat 130 °C                                                                                                             |
| Dimensions:           | 80 x 48 x 63 mm                                                                                                             |
