

Code: AVC-30-120-OF

## CONVERTER MODULE **AVC-30-120-OF** DC/DC ATTE

Inverter module decreasing and increasing the voltage.  
The AVC-30-120-OF device converts the input voltage to the 12V DC value.

The module allows you to power e.g. cameras with 12V DC using a wide range of input voltage: 6V ... 35V DC. The device is equipped with a number of functional protections ensuring reliable operation.
