

Code: UT-387E

## LIVE WIRE, METAL AND WOOD DETECTOR **UT-387E** UNI-T

The UT-387E detector allows to detect wooden, metal objects and live wires placed in the wall.

|                       |                                                                                                                                                                                                                                                                                                                   |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Detector range:       | <ul style="list-style-type: none"> <li>• Wood : 38 mm,</li> <li>• Non-ferromagnetic metal : 80 mm,</li> <li>• Ferromagnetic metal : 100 mm,</li> <li>• AC live wires : 40 mm</li> </ul>                                                                                                                           |
| Main features:        | <ul style="list-style-type: none"> <li>• Automatic calibration after turned on,</li> <li>• Optical - sound signaling,</li> <li>• Large, easy to read LCD graphic display with backlight,</li> <li>• ZOOM function - More precise location of small metal elements with visualization of their location</li> </ul> |
| Power supply:         | Built-in 3.7V / 300mAh battery, charging via USB-C connector                                                                                                                                                                                                                                                      |
| Weight:               | 0.15 kg                                                                                                                                                                                                                                                                                                           |
| Dimensions:           | 148 x 68 x 30 mm                                                                                                                                                                                                                                                                                                  |
