DATA SHEET

Code: GLOW-ONE/SMART

SMART LED LAMP **GLOW-ONE/SMART** Wi-Fi, Bluetooth BLE, Tuya Smart Spacetronik

Using a monitor in the dark can significantly strain your eyes because they constantly have to adjust to different light. The GLOW-ONE/SMART lamp is a modern solution providing backlighting of the monitor (ambilight effect).

You can choose any color, scene, set a schedule and enjoy the unique atmosphere in the room.

Tuya is an international home automation platform that connects thousands of products made by different manufacturers. The system can support all the most popular communication protocols such as Wi-Fi, Zigbee, Bluetooth.

Attention! Controlling the device is possible if the device has access to the Internet - control from the Tuya application. Tuya Smart application works perfectly with Google Assistant, Amazon Alexa and many others, which allows you to control connected devices using voice commands.
