## COMPRESSION PLUG **BNC-W/ZAC-RG59/PCT**

Professional compression connector manufactured by American PCT company. The features of the connector have been specially matched to the RG-59 cables.

The connector is equipped with a plastic bush, which during compression of the connector is tightly pressed against the sheath of the cable (by putting on cone brass case - the compression ring). The dimensions are so matched that after compression connector is crimped on the cable sheath with a force so large that break the connector from the cable is impossible and so small that it does not damage the structure of the cable.
