

Code: LA-8

## UNIVERSAL DISTRIBUTOR **LA-8**

The LA-8 distributor enables fast and ordered connection of wires in a situation where a large number of wires is intended for one terminal. All terminals are connected to each other. The LA-8 distributor is great for low-voltage installations, eg alarm systems, doorphone systems, etc.

This product is ideally suited for ordering cabling in alarm installations, where we connect many detectors, relay modules and other devices to one power terminal +12V or COM.
