# DATA SHEET

Code: KD-143

## POWER GENERATOR **KD-143** 2800 W Kraft&Dele

A power generator equipped with a starter is ideal for emergency power supply: a central heating furnace, home, office, camping, industrial equipment, as well as on boats and yachts.
The genset engine's rubber stabilizers and engine mounts dampen vibrations and minimize noise.

The generator is equipped with a microprocessor controlled by the Smart Throttle Technology, which adjusts the engine speed to exactly match the current load. If the generator does not supply many devices, it works at a slower speed. Thus, the generator reduces fuel consumption, extending the life of the engine and increasing the runtime between refueling.

The generator is equipped with an Automatic Voltage Regulation system AVR, which allows to eliminate unfavorable voltage fluctuations to a large extent.

| | |
|---|---|
| Nominal power: | 2800 W |
| Output voltage: | 230 V AC |
| Number of outlets: | 2 pcs - single-phase |
| Built-in voltmeter: | ✔ |
| Output frequency: | 50 Hz |
| Voltage stabilization: | AVR |
| 12V DC output: | ✔ |
| Engine power: | 7 HP |
| Engine type: | 4 stroke, gasoline, air cooled |
| Starting the engine: | Starter or manual |
| Noise level during operation: | 90 dB |
| Average fuel consumption: | 1.25 l/h |
| Fuel tank capacity: | 15 l |
| Fuel gauge: | ✔ |
| Material: | Stainless steel + Aluminum + Plastic |
