DATA SHEET

Code: SK-40

CAMERAS STABILIZER **SK-40**

The SK-40 cameras stabilizer is designed to powering the camera with or without a thermostat.
The SK-40 operates with the ZK-40/16 power supply adapter, which is designed to deliver ca. DC 40V voltage, which is then stabilized down to DC 12V voltage in the SK-40 device and enables powering the camera with or without a thermostat.
Presented here power supply solution, compensates the voltage drops on the cable and enables powering the cameras up to several hundred meters distance.

Adapter type:	Switching
Power voltage:	20 V ... 40 V DC
Output voltage:	12 V DC
Maximal load:	0.9 A
Support:	• with ZK-40/16 adapter • with ZK-40/6 adapter
Application:	• to cameras powering • to cameras with thermostat powering
Dimensions:	118 x 30 x 54 mm
Weight:	0.184 kg
Manufacturer / Brand:	DELTA
Guarantee:	**3 years**
