

Code: APTI-W34A-TUYA

## IP PTZ CAMERA INDOOR **APTI-W34A-TUYA** Wi-Fi - 3 Mpx 3.6 mm

The cameras cooperating with the user-friendly Tuya platform have been designed with special care to simplify the configuration process and enable the user to create a simple and effective monitoring system.

Very easy operation via mobile devices (Android / iOS), allows the users for comfortable and remote operation, and also management of the camera. The used Wi-Fi module allows to remote communication with camera for max. distance up to 30 m.

**Attention!** Camera for indoor use only. Devices cooperating with the Tuya platform do not have a WEB interface. The camera works only with the mobile application (the camera does not work with recorders). Controlling the device and schedule settings is possible if the device has access to the Internet.

|                            |                                                                                                                                                                                                    |
