

Code: FX-RJ45-6A-16

## KEYSTONE CONNECTOR **FX-RJ45-6A-16**

|                 |                                                                                                                                                                                                                                                                             |
|-----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Connector type: | RJ-45 shielded socket                                                                                                                                                                                                                                                       |
| Color:          | Silver                                                                                                                                                                                                                                                                      |
| Wire mounting:  | KRONE quick-connector - locked                                                                                                                                                                                                                                              |
| Application:    | <ul style="list-style-type: none"> <li>• Patch panel Keystone,</li> <li>• FTP cat. 6A,</li> <li>• UTP cat. 6A</li> </ul>                                                                                                                                                    |
| Impedance:      | 100 $\Omega$                                                                                                                                                                                                                                                                |
| Material:       | Metal + Plastic                                                                                                                                                                                                                                                             |
| Main features:  | <ul style="list-style-type: none"> <li>• Very easy and quick installation without any tools</li> <li>• Corrosion resistance</li> <li>• Keystone assembly standard</li> <li>• The die-cast metal body provides effective shielding and high mechanical resistance</li> </ul> |
| Weight:         | 0.025 kg                                                                                                                                                                                                                                                                    |
| Dimensions:     | 16.4 x 22 x 39 mm (W x H x D)                                                                                                                                                                                                                                               |
| Guarantee:      | 2 years                                                                                                                                                                                                                                                                     |
