## IP VANDALPROOF CAMERA **IPC-HDBW5842E-ZE-2712-DC12AC24V-S2** - 8.3 Mpx 4K UHD 2.7 ... 12 mm - MOTOZOOM DAHUA

IP camera with efficient H.264 / H.265 image compression algorithm for clear and smooth video streaming at maximal resolution of 8.3 MPx, 4K UHD. Due to above it is perfect solution for surveillance systems requiring persons or vehicles recognition.

The used motozoom lens with 2.7 ... 12 mm focal length allows to remote view angle adjustment. The range of IR illumination according to the manufacturer data, depends on outer conditions (visibility - air transparency, environment, wall colors ie. scene reflectance).

PoE powering possibility, compatible with the 802.3af standard makes the device more universal and easier to install. The device is equipped with ePoE technology which enables transmission up to 800 m at a speed of 10 Mb/s or 300 m at a speed of 100 Mb/s via cat. 5e twisted-pair.

Thanks to the "Starlight" technology used, the camera only needs very low lighting to obtain a clear color image.

The camera has extensive functions of intelligent image analysis.

|                           |                                                                                                                                                                                                                                                              |
