

Code: LT-SPOTLIGHT-600/RECHARGEABLE

## FLASHLIGHT **LT-SPOTLIGHT-600/RECHARGEABLE** ENERGIZER

Durable, reliable and functional flashlight for professionals. The device uses a built-in Li-Ion battery, which guarantees operation up to 9 hours on a single charge. Thanks to the use of a standard micro USB connector to charge the batteries, you can use a smartphone charger, a powered USB hub or even a powerbank. USB A / micro USB B cable included.

|                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
