## IP CAMERA **BCS-TIP3801IR-E-V** - 8.3 Mpx 4K UHD 2.8 mm

IP camera with efficient H.265 / H.264 image compression algorithm for clear and smooth video streaming at maximal resolution of 8 MPx.

The range of IR illumination according to the manufacturer data, depends on outer conditions (visibility - air transparency, environment, wall colors ie. scene reflectance).

PoE powering possibility, compatible with the 802.3af standard makes the device more universal and easier to install.

|                           |                                                                                                                                                                                                                                                              |
