

Code: BM-130X160

MOUNTING PLATE **BM-130X160**

The BM-130X160 mounting metal plate is designed for mounting dome and tube cameras on masts. The product allows the installation of cameras and brackets with a mounting base diameter not exceeding Ø120mm.

Plates are fastened to the mast with appropriately selected u-bolts (available separately). Hole spacing allows the use of U-bolts with a diameter of up to Ø8mm and spacing suitable for masts with diameters Ø43mm ... Ø200mm.

The mounting metal plate can be mounted on poles with a diameter of up to 200mm using the BT-2 clamp.

Pole diameters range:	Ø 43 mm ... Ø 200 mm
Material:	Steel - Hot-dip galvanized + powder painting
Color:	White
Weight:	0.4 kg
Dimensions:	158 x 130 x 32 mm
Guarantee:	2 years
