

Code: ADHESIVE-NAIL/3

ADJUSTABLE ADHESIVE NAIL **ADHESIVE-NAIL/3** TESA

The ADHESIVE-NAIL/3 Adhesive Nail for profiled holes with attached self-adhesive strips ensures safe installation of small electric devices weighing up to 0.5 kg on delicate and textured surfaces (wallpaper, plaster). The set includes 2 nails and 3 mounting strips.

Adhesive nails can be adjusted horizontally and vertically, making them ideal for small devices (e.g. WiFi Routers) whose profiled mounting holes require a precise distance between the nails. The Powerstrips® technology enables disassembly without leaving a trace. The adhesive nail can be reused with a new adhesive strip.

Max. weight of the mounted object:	0.5 kg (per nail)
