MOUNTING PLATE BM-130X160/ECO

The BM-130X160/ECO mounting metal plate is designed for mounting dome and tube cameras on masts. The product allows the installation of cameras and brackets with a mounting base diameter not exceeding \emptyset 120mm.

Plates are fastened to the mast with appropriately selected u-bolts (available separately). Hole spacing allows the use of U-bolts with a diameter of up to $\emptyset 8 \text{mm}$ and spacing suitable for masts with diameters $\emptyset 43 \text{mm} \dots \emptyset 200 \text{mm}$.

The mounting metal plate can be mounted on poles with a diameter of up to 200mm using the BT-2 clamp.

Pole diameters range:	Ø 43 mm Ø 200 mm
Material:	Steel - powder painting
Color:	White
Weight:	0.44 kg
Dimensions:	157 x 134 x 34 mm
Guarantee:	2 years
