SMART CONTROLLER FOR ROLLER SHUTTERS **SRW-03** Wi-Fi, 230 V AC ZAMEL

The SRW-03 controller enables remote control of the roller shutters with setting a desired stop position. It is also possible to control the percentage of slats opening in the facade shutters and to control the roof window, awning, overhead projector screen and even curtains. To work with full functionality, the device requires connection to a home Wi-Fi network.

Beyond direct control, the device has the ability to program the opening and closing schedule and linking to different system events. Voice control allows you to control the device via voice commands from Amazon Alexa or the Google Assistant (Internet access required).
