

Code: LIW-01

PULSE COUNTER **LIW-01** ZAMEL

The LIW-01 pulse counter is a device that allows the counting of electrical pulses, this allows the measurement of consumption from energy, water and gas meters.

Support:	SUPLA
Application:	Counting pulses sent by energy, water or gas meters
Pulse input:	- Working voltage: 9V - Compatible with the SO pulse output of the electricity meter according to the EN 62053-31 standard
Power voltage:	12 V - 24 V AC/DC
Wireless:	Wi-Fi, 2.4 GHz - IEEE 802.11 b/g/n
Mobile phones support:	- The SUPLA free application on Android - The SUPLA free application on iOS
Power connectors type:	Cable terminals
Main features:	LED signaling of the device operation status
Housing:	Plastic, DIN, TS-35 rail mounting
Operation temp:	-10 °C ... 55 °C
Dimensions:	90 x 66 x 17.5 mm
Weight:	0.050 kg

DATA SHEET

Manufacturer / Brand:	ZAMEL
Guarantee:	2 years
