

Code: RNW-01

## INTERFACE OF INPUTS **RNW-01** Wi-Fi SUPLA ZAMEL

The RNW-01 smart action trigger is used to control other devices compatible with the SUPLA system. The device can be, for example, a central control point for lighting and blinds in the entire building.

To work with full functionality, the device requires connection to a home Wi-Fi network.

Beyond direct control, the device has the ability to program the on and off schedule and linking to different system events. Voice control allows you to control the device via voice commands from Amazon Alexa or the Google Assistant (Internet access required).

The device can operate with monostable (momentary) and bistable switches. Depending on the switches used, the way of invoking the action for each device should be properly configured.

SUPLA is an open and independent project that allows the wireless management of sensors and controllers with which we can build a smart home system.

Support:	SUPLA
Application:	controlling devices, triggering actions
Rated voltage:	230 V AC
Maximal total load:	—
Total maximal current:	—
Number of inputs:	4
Number of outputs:	0
Connector type:	Connection cube, screw terminals
Wireless:	Wi-Fi, 2.4 GHz - IEEE 802.11 b/g/n
Radio communication range:	The range limited only by the availability of the Wi-Fi network
Mobile phones support:	<ul style="list-style-type: none"> <li>• The <a href="#">SUPLA</a> free application on Android</li> <li>• The <a href="#">SUPLA</a> free application on iOS</li> </ul>
Main features:	<ul style="list-style-type: none"> <li>• Local control by physical button,</li> <li>• schedule,</li> <li>• timer,</li> <li>• remote access,</li> <li>• voice control,</li> <li>• Possibility to manually program scenarios from the built-in API</li> </ul>

## DATA SHEET

Housing:	Plastic
"Index of Protection":	IP20
Color:	Green
Operation temp:	-20 °C ... 50 °C
Weight:	0.033 kg
Dimensions:	47 x 47 x 20 mm
Manufacturer / Brand:	ZAMEL
Guarantee:	2 years
