

Code: LM-37

MAST COUPLER **LM-37**

Aluminum expansion coupler for M-3.0 DURAL masts. It can be dismantled many times and used again. To connect two M-3.0 DURAL masts using coupler, you should drill the holes in each mast at a distance of 40 mm from the edge. The holes should be made in order to access to the coupler's hex screws (allen 3 mm).

Height of the mast:	0,264 m
Mast diameter:	Ø 36,4 mm
Manufacturer / Brand:	DELTA
Material:	Aluminum
Weight:	0,1 kg
Guarantee:	3 years
