## HANGING RACK CABINET, DOUBLE-SECTION **R19-12U/600/2S**

More and more home devices to LAN, RTV, CCTV installations are made with a view to the RACK system, so that their installation is aesthetically pleasing, and that devices are protected against accidental mechanical damages.

The double-section hanging cabinets mounted on wall provide access to devices both from the front and rear.

The R19-12U/600/2S cabinet is suitable for mounting all sorts of devices in standard 19" rack housings. Ideal solution for installing DVRs, power units, splitters, headends, network devices, etc. Inside the cabinet can be also place the devices that are not in standard RACK-19" housings, for example DVRs, multiswitches, RTV-SAT amplifiers, modulators. For this purpose the user should mount additional shelf/shelves available for RACK cabinet.

The RACK cabinet has many openings ensuring adequate air circulation. Additionally, it is possible to install fans to increase the ventilation.
