

Code: PK4-12-ZD

## NORMALLY OPEN RELAY MODULE **PK4-12-ZD** DELTA

It can be used to increase maximal load of controller transistor output line and for galvanic isolation between output line and load point.

|                          |                                                                                                                                                                            |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Number of relay outputs: | 4                                                                                                                                                                          |
| Power supply:            | 10 ... 16 V DC                                                                                                                                                             |
| Current consumption:     | 35 mA per each relay at voltage 12 V DC                                                                                                                                    |
| Relay maximal load:      | 10 A (max), 30 V DC / 50 V AC (max)                                                                                                                                        |
| Output:                  | 4 x NO/NC                                                                                                                                                                  |
| Application:             | relay for electromagnetic lock/electric strike                                                                                                                             |
| Main features:           | <ul style="list-style-type: none"> <li>• DIN, TS-35 rail mounting,</li> <li>• LED indication,</li> <li>• Protections : Overvoltage, Reverse polarity connection</li> </ul> |
| Operation temp:          | -10 °C ... 40 °C                                                                                                                                                           |
| Weight:                  | 0.08 kg                                                                                                                                                                    |
| Dimensions:              | 73 x 44 x 40 mm                                                                                                                                                            |
| Manufacturer / Brand:    | DELTA                                                                                                                                                                      |
