

Warning!

Please read the user manual included in this work as it contains important information related with safety of installation and use of the device.

Only persons who read the user manual may use the device.

The user manual must be kept because it may be required in the future. The device is to be used exclusively for purposes specified in this user manual.

The device must be unpacked prior to starting-up. After removing the packaging make sure the device is in working order. If the product has defects, it should not be used until it is repaired.

The product is intended for use at home and commercial use and may not be used for other than intended use.

The manufacturer is not liable for damages resulting from not adhering to the rules contained in the user manual, therefore, we recommend to follow the aforementioned safety rules for operation and maintenance of the device. In this way you will ensure yourself safety and avoid causing damage to the device.

The manufacturer and the supplier are not liable for losses or damages arising out of the product, including financial or intangible losses, loss of profits, income, data, pleasure from use of the product or other products related with it - indirect, incidental or consequential loss or damage. The above provisions apply whether the loss or damage concerns:

1. Deterioration of quality or the lack of operation of the products or products related with it due to damage as well as the lack of access to the product when it is undergoing repair, which results in stoppage the loss of user's time or a break in business activity; 2. Improper results of operation of the product or products related with it;

3. It applies to losses and damages according to any legal category, including negligence and other losses, termination of a contract, expressed or implied guarantee and strict liability (even if the manufacturer or the supplier was notified about the possibility of occurrence of such damages).

Safety measures:

Particular attention at designing was directed to quality standards of the device where ensuring safety of operation is the most important factor.

The device must be secured against contact with caustic, staining and viscous fluids.

Ballast base with a telescopic mast intended for mounting light and small antennas without the need to permanently attach the mast to the ground.

The base is not allowed to mount satellite dish. ATTENTION! The kit does not include the M6 blocks.

Attention! The mast is intended for mounting light devices such as CCTV cameras, Wi-Fi, LTE antennas or small radio lines in the first wind zone.

User Manual Code: MBT-5.4 BALLAST BASE WITH TELESCOPIC MAST **MBT-5.4** 5.4 m

Height of the mast:	5.4 m (max) - TELESCOPIC MAST (included)
Number of sections:	$4\;$ - The number refers to the number of sections that make up the mast
Wall thickness:	2 mm
Material:	 Steel galvanized - Hot-dip galvanized, Aluminum - The highest section of the mast : Ø 45 mm
Diameter of cable holes:	25 mm
Main features:	 Easy and universal mounting system TELESCOPIC MAST (included) It is perfect to mount antennas : WLAN, DVB-T
Internal dimensions of the base:	400 x 400 mm
External dimensions of the whole base:	1650 x 1650 mm
Transport height:	1.5 m
Manufacturer / Brand:	DELTA
Weight:	27.6 kg
Guarantee:	3 years

Mast base correctly assembled:
